INITIALS ON A HAMMER

THAT IS COVERED WITH BLOOD
MAY SOLVE MURDER OF
LIZZIE BROWN.

CANTON, OHIO, NOW HAS MYSTERY

Laborers on Their Way to Work
Stumbled Over the Corpse in the
Very Heart of the Tender-
loin District.

Canton, Ohio, Jan. 10.—The finding of a bloody hammer, hidden near the scene of the crime, may be the means of bringing to justice the murderer of pretty Elizabeth Brown, whose dead body was found at day-break by men going to their work.

The body of Miss Brown, aged 22 years, a Massillon girl, dressed in silks, was found at the extension of East Seventh street, in the heart of the Tenderloin district, the victim of a mysterious murder. Nothing has been learned of her movements since Monday, say the police.

Friends say she always carried considerable money, and as there was no purse on her clothing, the authorities for a time suspected robbery.

At first a brick was thought to have been used in causing her death, but citizens living in the immediate vicinity report that shots were fired in the night. Now comes the bloody hammer.

The police say they have learned that a few weeks ago a sorrowing mother, grieving because of her daughter's waywardness, came to Canton. She sought out the young woman now dead, but the latter was deaf to her parent's entreaties.

Four separate wounds were found on the body. The crime was committed east of a brick pile, from the rear of which it is supposed the murderer slipped up to strike the girl. The clothes were not disarranged, indicating no struggle.

Just what the girl was doing alone in this community the police do not understand. They believe that she must have been enticed to the spot.

Saloonist Parker, at whose place the girl had resided for a time, said the girl's trunk was still in his possession. The girl was ordered away when the edict to remove wine room connections was made. In the trunk were the girl's clothes and some pictures.

The dead girl's mother, Mrs. John Brown, said when informed of the crime that her daughter had told her she was employed in Canton hotels.

The police say the girl was killed with the hammer, and that the motive was jealousy. The hammer bore certain initials.

THE TROUBLE OF THE NEWCOMBS

Couple Married in Sedalia September 18, 1889—Divorce Was Granted
In St. Louis By Judge
McElhinney.

A couple married in Sedalia September 18, 1889, and who have many friends here, was written of as follows in the St. Louis Globe-Democrat of this morning:

Mrs. Mattie Newcomb, of Jefferson City, was granted a divorce yesterday by Judge McElhinney of the Clayton circuit court on her cross-bill.

The petition was filed by Lafayette B. Newcomb, a railroad conductor, who lives in Webster Groves. They were married September 18, 1889, in Sedalia, and separated in August, 1904. He charged incompatibility of temper and disagreements on religious matters.

Mrs. Newcomb charged him with neglect and asked for alimony and the custody of their two minor sons.

At the trial Newcomb failed to appear. Mrs. Newcomb and her witnesses were there.

Newcomb's brother, Henry, took the stand for the defendant and when he testified that the charges of his brother were groundless.

Mrs. Newcomb was granted the custody of the children and \$35 a month alimony.

THE WEDDING WAS A JOKE

ONLY A MOCK MARRIAGE WITH
OSBORN, HER FATHER
SAYS NOW.

IT CAUSED A DECIDED SENSATION

Proceedings Contemplated to Have
the Ceremony Set Aside—Author-
itative Statement From the
Girl's Family.

New York, Jan. 10.—Martin Maloney, the millionaire Philadelphia contractor, who is a marquis of the Holy Roman empire, made known, through a formal statement given to the Associated Press last night, that proceedings had been instituted to obtain a court judgment declaring that there was no marriage between his daughter, Helen Eugenie, and Arthur Herbert Osborn, the young New York broker, who, according to the county records, were technically united in matrimony at Mamaroneck December 28, 1905. Fictitious names were given by the parties to the ceremony and the two never lived together.

Mr. Maloney does not go into details in his announcement, but it is understood that the present court action is based upon the admission of the young people that the idea of their union was conceived in a spirit of fun, and that the marriage was a mockery.

Subsequent to the Mamaroneck ceremony, Miss Maloney accepted the attentions of Samuel Clarkson, a young Englishman, who had been a guest at the Maloney home. On October 1, last, Clarkson and Miss Maloney simultaneously dropped out of sight, and were next heard from in London, where Miss Maloney was found living at a hotel, and Clarkson in bachelor quarters.

Following the disappearance of the two and while frantic efforts to locate them were being made by the Maloney family, the situation was further complicated by the published claim of Osborn that he was the husband of the missing daughter.

Mr. Maloney's statement follows: "Proceedings have been instituted to obtain a judgment declaring that there is no marriage between Helen Maloney and Arthur H. Osborn. The statements in the papers in regard to the position assumed by the family of Mr. Maloney and by Mr. Osborn are entirely erroneous. Intimations of a settlement upon Mr. Osborn and his surrendering rights are without foundation, and do him a very grave injustice."

Last Year.

Pittsburg, Kan., Jan. 10.—Joe Bush and John Merifield, who were found guilty at the present term of the district court of holding up a Missouri Pacific passenger train near this city on March 4, 1906, were sentenced to the penitentiary yesterday afternoon.

The former got an indeterminate sentence from five to twenty-one years, while the latter received twelve years.

Bush was found guilty of manslaughter in the first degree in killing John Henry, one of the passengers, who fired two shots at the robbers during the hold up and who was killed by Bush, who was standing at the back door of the coach they were robbing.

Merifield was found guilty of murder in the second degree, because the jury thought he was as guilty as Bush.

SEVEN SWORN JURORS

Box Is Now Filled, but Five Are Subject to Peremptory Challenge.

New York, Jan. 10.—The trial of Harry K. Thaw opened today with seven sworn jurors in the box. There was no special interest and the crowd that begged for entrance to the court room was much smaller than usual.

By dint of hard work during the last hours of the morning session the box was filled when the luncheon recess was ordered. The last five men are subject to peremptory challenge. This is the fifth time since Monday that all the jury seats have been occupied.

SHE WAS A NORTHERN SPY

The End to the Remarkable Career of
"Spanish Lou" in Michigan.

Muskegon, Mich., Jan. 10.—A woman known as "Spanish Lou" alias Agnes Whitcomb, said to have had a remarkable career as interpreter at Washington, cook at the White House and Union spy in the civil war, died suddenly today.

She asserted that blood of European nobility ran in her veins.

TORE THE MAN TO BITS

TWO STRANGE MEN GAVE AN IN-
FERNAL MACHINE TO A
YOUNG BOY.

TOLD HIM TO GIVE "IT TO FATHER"

Did as Requested, the Parent Pulled
a Protruding String, and Ex-
plosion That Followed
Will Prove Fatal.

Greensburg, Pa., Jan. 10.—John Ronco is dying in the county hospital at Mt. Pleasant, having been torn almost to bits by the explosion of an infernal machine which was innocently handed him by his son, William.

The boy had been handed an innocent-looking box by two strangers, who told him to run to the house with it and give it to his father.

The boy did as told, delivering the box, which seemed to be something like a candy box, with a small string protruding.

The child went away as soon as the box was handed to the father, and so, perhaps, saved his own life, for when the father, a moment or so later, pulled the string on the box there was an explosion that tore the kitchen off the little house and ripped his left arm from Ronco's body, besides inflicting other minor injuries.

The men who delivered the package escaped, though they were seen later at Mt. Pleasant. Ronco says he thinks they were the same who some days ago came to his house and begged a meal; then, after eating, demanded money. He chased them from the house with a gun. They left, swearing vengeance.

This is the second time in two years that an effort has been made to kill Ronco.

NOT IN SELF DEFENSE

A Brother of Ernest R. Money Makes
a Statement.

Ernest R. Money, a Missouri Pacific boiler-maker, apprentice, stabbed three times with a file by Karl Cramer at the shops Wednesday noon, is resting easily at his home, 1423 East Ninth street, under the care of Dr. A. J. Campbell. The attending physician states that it will not be known for two or three days what the outcome of the case will be.

T. V. Money, a brother of the injured boy, was a caller at this Democrat-Sentinel office this morning and asked that the statement printed in yesterday's paper, to the effect that his brother had exonerated Cramer, be denied, as the injured boy has not made any such statement since the affair.

According to the brother, witnesses at the shops say that the Cramer boy sharpened the file several days before the stabbing, and had carried it with him daily in anticipation of defending himself against being "initiated," as are all new boys who go to the shops to work.

The Rudert saloon closed last night, as the license expired. Another hot contest is looked for when the petition is considered by the court at its next meeting.

A FUNERAL WAS HELD UP

WARRANT ALLEGING BREACH
OF PROMISE CAUSED
THE TROUBLE.

ACCUSED A SON OF THE DEAD MAN

He Gave Bond in the Sum of \$2,000
and Was Then Permitted to Go
to the Burial, Which Was
Delayed 1 1/2 Hours.

Washington, Pa., Jan. 10.—L. K. Hepler, a business man of Buffalo, N. Y., was placed under arrest while passing through the town to attend the funeral of his father at the old Hepler homestead, twelve miles south of Washington.

Breach of promise was the charge, and Miss Evadne Mae Moss, one of the town's fairest, is the young lady who alleges that Hepler did not keep a promise to marry her two years ago.

Hepler was arrested as he stepped from a Baltimore & Ohio train and was about to step into the family sledge for a twelve mile drive.

In vain Hepler protested to Deputy Sheriff R. G. Lutton, who served the writ, that he would return that way, that his father's funeral was waiting on him, etc.

Lutton was firm and Hepler had to hustle for bail, while the funeral, twelve miles away, was held by phone. A bondsman for \$2,000 was finally secured and Hepler allowed to fly to the funeral, which was to have been held an hour and a half before.

Miss Moss declares that she had her wedding garments made two years ago on the promise of Hepler to marry her, but that he fled to Buffalo.

On hearing of the death of his father, and knowing that Hepler would pass through Washington coming to the funeral, the young lady swore out the warrant last evening.

A LITTLE GIRL'S DEATH

The Only Child of Mr. and Mrs. Chas.

The child had been ill about ten days, and grew gradually worse during the last few days.

She was idolized by her parents and friends of the family, and the sincere sympathy of the entire community is extended to the bereaved ones.

Funeral services will be held at the Georgetown church at 10 o'clock tomorrow morning and interment will be made in the city cemetery here.

LYNCHED BY NEGRO MOB

Strange Member of Their Race
Swindled Pine Level People.

Selma, N. C., Jan. 10.—At Pine Level, Johnston county, a strange negro was lynched by a negro mob. The negro, purporting to be the advance agent for a big show, induced the negroes to attend what turned out to be a one man performance by the negro himself.

Their heads covered with sacks, the mob entered the negro's boarding house early Tuesday morning and took him forcibly to the woods. His body was found at daylight on the Southern railroad tracks. His identity has not been established.

NOT SINGLE ONE TO APPROACH HIM

He's a Resident of Cleveland, Ohio—
Pulls Up Ladder to His Bed-
room So That His Wife
Cannot Wake Him.

Cleveland, Ohio, Jan. 10.—The secret of a man so lazy he pulled the stairs into his bedroom with him each night, that he might avoid the early morning call of his early-rising and hard-working wife, was bared in Judge Addam's court here.

Mrs. Anton Sadwski, of No. 440 Summit avenue northeast, made the charge against her husband, against whom she was testifying in a case brought against Sadwski for alleged neglect of his six small children.

"Why, Judge, he is so lazy," she wailed, "that when he goes to bed in the attic above our rooms he pulls up the ladder."

"That's the only stairway, and when he has pulled it with him I can't wake him in the morning."

"He never helps me and does not work often enough to need any sleep, let alone all he gets by pulling up the ladder."

"My husband was awfully anxious for me to marry him, but he left me on the day we were married and did not come back for a week. Then he begged on his knees, and I took him in. I've supported him ever since."

ELOPES WITH HER STEP-SON

Woman Leaves Note Telling Husband
of Intentions.

Oklahoma City, Okla., Jan. 10.—Leaving a note which read: "Good-bye, papa. Little did you think this room that I was going away with Carl. I am going to be your boy's wife by law and by the will of God."

Mrs. Gus Youngberg and the son of Mr. Youngberg, departed from this city at a late hour Wednesday evening. It was found that they bought tickets for Kansas City.

The elder Youngberg is employed by the Reeves Harvester Co., and was sent from Kansas City some months ago to manage the local agency of the company.

Mrs. Youngberg is twenty years the senior of her stepson. Youngberg and his son were separated for some time divorced from a former wife.

Some months ago the boy was located and he came here to live with his father. In the meantime he secured a position with the company in the same office here. An attachment between the wife and the stepson began. Mr. Youngberg says he will not attempt to apprehend them.

SHOULD STAND BY LAW AND ORDER.

The anti-Troop association recently formed in Pettis county is without doubt a good thing, and if conducted along the lines mapped out at its formation will result in material benefit to the farmers, who in the past have suffered very much from those who have invaded their property in the pursuit of game and wrought much damage.

Membership in the association, however, does not carry with it the right to confiscate without rhyme or reason, and hold a horse hitched on the public road.

It should be remembered that the association was formed and exists as a law-enforcing body, and that when a member uses it as a cloak for acts that are not only oppressive, but absolutely unlawful, then its usefulness ceases, and it becomes an object of suspicion and distrust.

The association itself should multiply its efforts to enforce the law, and not rely on record as standing only for law and order in its campaign against the evils which it was organized to combat.

SOUTH'S NEW LIQUOR LAW.

The southern began the new year with the most radical experiment in prohibition ever attempted by any section of this country. Georgia's prohibition law has just gone into effect and the result will be watched with interest by the friends and foes of the prohibition crusade. In Atlanta the enforcement of the new law means the closing of 425 saloons and a large number of wholesale liquor houses. It reduces the city revenues \$200,000 and the revenues of the state \$750,000. It is estimated that between 1,500 and 2,000 men employed in liquor establishments have been thrown out of employment. The anti-prohibition element declares the enforcement of the law will be a mockery, with "blind tigers" everywhere and stills galore.

Alabama still escapes state wide prohibition, the closing law not going into effect till January 1, 1909. However, a very stringent closing law has gone into effect with the new year. According to this law, the night closing hour in Mobile and Montgomery will be 9 o'clock; 8 o'clock in the towns from 5,000 to 10,000 inhabitants and 7 o'clock in the smaller towns.

NEW MARRIAGE LAW.

A new state law has become effective in New York, which will require a prospective bridegroom to be equipped with a formal license to wed before he leads his blushing bride to the altar. Romantic couples

who after a moonlight auto ride or a dinner party on Broadway suddenly decide to wake up a parson and get married can no longer be accommodated.

It is the first time in the memory of any New Yorker that license has been required preliminary to any marriage. It will be necessary for both the bride and bridegroom to appear when a license is issued, and each will be required to answer a great number of questions. If the candidate for matrimony has ever been married before he must give the full history of that ceremony, and if divorced he must tell when and why. If either of the couple answer the questions untruthfully they are subject to prosecution for perjury. No youth under 21 or girl under 18 will be given a license without the written consent of both parents or guardian, and the parents must be present in person to sign the document.

The law provides that a fee of \$1 shall be paid for each license, and at least year's matrimonial rate in this city, the local treasury will take in \$50,000 during the next twelve months.

WHO HELP THE POOR.

A young lady over in Des Moines, Iowa, was desirous of finding out who were doing the most in a charitable way in the recent holidays. And the plan she adopted was shrewd as well as something of a novelty.

She disguised herself as a Salvation Army woman, with a heavy veil over her face, so that she could not be recognized by any of her acquaintances, and rattling the tin pan with stick, appealed to the passing throng to do something to provide a dinner for the poor on the great Christmas Holiday.

The result of her observation was that the really rich or well-to-do were the ones who contributed the least. Occasionally the gloved hand of a society woman would drop in a piece of coin, but the contributions almost universally came from the toll-hardened hand of the ones who were themselves struggling to make a living in this cold and cruel world.

It is probable that the experience of the Des Moines lady would be duplicated in almost any city in the land where a similar experiment might be tried. There are many rich people who are generous, and who will give largely on great occasions, and for great enterprises, but the charity that looks to the day's needs will be found in the great middle class, among the workers, and even among those who are actually needing the money badly for their own use.

Governor Warfield, of Maryland, in his message to the legislature at the close of his term, advocates an amendment to the state constitution fixing a high standard of qualification for the exercise of the suffrage. He would eliminate the "ignorant, unreflecting negro voter." It is now more and more generally recognized as the trial of negro suffrage has been, made that it should have been safeguarded by educational and property qualifications. The white or negro voter who exercises his right without any intelligent appreciation of the effect of his act is a public danger. He is also a danger to himself.

The question of college bred or practical bred is one which has risen to the national stage of the B. & O. railroad. The general manager, who favors practical men, has tendered his resignation because college bred youngsters are being promoted over his recommendations of the other class.

An old lady traveling on the train not long ago gave utterance to the statement that it is all foolishness to educate boys for civil engineers. What the traveling public needs most, according to her, is a school for civil brakemen.

Fifty per cent of the corn of the United States is grown in five states: Illinois, Iowa, Missouri, Kansas and Nebraska. Illinois ranks first as a corn state in both total acreage and total product.

The New York city council will, it is said, enact an ordinance to prevent women smoking in public. Truly, the Gotham aldermen has redeeming qualities with which he has never been credited.

Whatever may be the facts, the best way, of course, is to think that Germany and France do not wish to see Japan and the United States fight.

Will the distributors of the Shaw court proceedings kindly remember each day that too much is plenty.

The railroads are obeying the rate law. Bully for the law!

It is very important and in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first signs of trouble—which are belching of gas, nausea, sour stomach, headache, irritability and nervousness. These are warnings that the stomach has been mistreated; it is doing too much work and it is demanding help from you. Take something once in a while; especially after meals; something like KODOL For Dyspepsia and Indigestion. It will enlarge your stomach to do its work properly. Sold by Arlington Pharmacy.

DARLING OF AN OLD MAN

TO PUT IT MORE PROPERLY, SHE WAS THE DARLING OF AN OLD FOOL.

SEEKS TO BREAK FATHER'S WILL

Here's Another "Maybelle" Who Picked the Leg of Aged Chump Until She Had Secured Something Like \$75,000.

Clinton, Ill., Jan. 10.—As the "champion spendthrift of the west," Col. Tom Snell, the late millionaire railroad builder, is being exploited in the effort of Richard Snell, the son, who was cut off with \$50 annually, to break the will.

Confidential statements were made yesterday by the lawyers retained by the son. It was declared that Col. Snell had expended no less than \$300,000 on women in the last ten years of his life, of which \$75,000 had gone to his alleged grandniece, Maybelle Snell, of Kansas City.

It was declared that Maybelle Snell had exerted a strange fascination over Col. Snell. He met her first in Emporia, Kas., and since then she has been the recipient of his bounty, which included trips to Europe, Cuba and other places.

In addition he was given large sums in cash. Letters which Col. Snell received from Maybelle are in the possession of the presiding judge and will be read to the jury. Some of them cannot be published. Col. Snell read these letters over and over before he died, and they were found as carefully preserved as any document relating to his vast estate.

By these letters Richard Snell declares he can prove to the satisfaction of any court or jury that Col. Snell had been "led" by Clinton's society women to the extent of nearly a quarter of a million dollars and that already he is able to trace the expenditure of \$75,000 in the little De Witt county shire alone.

That these letters bear upon their face the nature of the means used to obtain this money from the eccentric millionaire is evidenced by the statement of the son that criminal prosecutions will follow their publication, and for this reason the attorneys of Richard Snell will combat the motion of the attorneys for Maybelle Snell-McNamara asking for an order directing the attorneys for the complainants to file all letters with the court now in their possession.

That Maybelle Snell knew the nature of these letters, which are similar to those of her own unpublished missives, and felt confident that the possessor of them would not dare to have them made public and thereby force the writers into a compromise, is the general opinion of those who have followed the case.

The first witness yesterday was Reuben Benjamin, a member of the constitutional convention and author of many legal works, who drafted the will of Col. Snell. Benjamin was of the opinion that the deceased was of sound mind.

The woman to whom the old man's

ardent love letters were addressed to Maybelle Snell-McNamara, now living in Kansas City, and according to the contention of the son, plaintiff in the present suit, she received from her aged lover cash gifts approximating \$50,000 as well as \$25,000 worth of real estate.

One of the letters from the young woman to the millionaire reads:

"My Own True Love: Yes, we will take a lovely trip through the south. Oh, I cannot wait till the time comes I am so anxious to be in your arms again.

"I am feeling a terrible pain now, dearest. How are you? Do you want to see me as badly as I do you? You know that I don't want anybody to love but you—you alone.

"We will take Walter along with us, but you know that he is nothing to me. I do not care a rap for him. I will let you see us together and you will be able to judge for yourself.—Your Own Little Baby."

The last of concern for his sons welfare exhibited by the old millionaire, and the lavish generosity to a woman of whom the relatives say they never heard, are trivial compared to the eccentricity exhibited in the most important clause of the will, which ties up the division of the big estate until after the death of the youngest grandchild. If the legality of this clause is upheld in court, it is estimated that when time comes to divide the property the estate will aggregate \$1,000,000,000 in value.

Under the terms of the will the various bequests, except those providing annual cash remembrances, such as the son's \$50 a year, will be operative only after all the present living heirs are dead. Thus the great bulk of the property would be held in trust for a period of nearly a hundred years, as the youngest grandchild is now only a few years old.

REMOVE THE CAUSE

How to Remedy Much of the Suffering in Sedalia.

There is hardly a family in Sedalia where there are not one or more members who suffer at times from the effects of a weak stomach.

It may be that this occurs only after eating some food that does not agree, or because of a supper late at night; or it may be that the stomach is so weak that scarcely any food can be eaten without pain and distress.

The only way to treat a condition of this kind successfully is with Miona. It removes the cause of indigestion, weakness of the muscles of the stomach and bowels, and restores the whole digestive system to health and strength so that it takes care of all food that is eaten.

Get well and strong by using Miona tablets. Take the remedy at the first symptom of indigestion, when you can be cured easily with a few doses. However, no case of stomach trouble is too severe or chronic for Miona to overcome.

W. E. Bard Drug Co. sell it under an absolute guarantee to refund the money unless it cures. A 50-cent box lasts for a couple of weeks, and will do more real good than a dozen boxes of the ordinary digestive tablets.

WANTED CATS TO KILL RATS

That Devoured Books, But Beaver's Solons Got Too Many.

Beaver, Pa., Jan. 10.—Every person officially connected with the Beaver schools is going to and from home through the back alleys now. They are judging small boys, each having from one-half to a dozen cats to sell. The board advertised for twenty-five rat exterminators, offering \$5 each for felines of proper qualifications. The "ad" in the local paper was as follows:

"Wanted, at once, twenty-five able bodied, vigorous, ravenously hungry cats with a guaranteed ability to kill and eat twelve rats per hour. Are willing to pay \$5 for each cat of this description delivered at the Beaver school house to Prof. J. Brad Craig.—Beaver School Board."

Rats infest the schools, and during the Christmas holidays, being deprived of bits of lunch left by the pupils, devoured \$1,000 worth of school books, Latin, Greek, trigonometry, algebra and other weighty subjects were digested by the rodents before the mischief was discovered.

This Is Worth Remembering.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. Arlington Pharmacy.

"STARS" OF THE CUE

Three Important Tournaments Within Next Few Weeks.

New York, Jan. 10.—Three important championship billiard tournaments will be played within the next few weeks and the cue experts are preparing for a great period of activity.

Interest in the sport is now at a high pitch and large crowds of interested spectators will undoubtedly witness all the matches.

The contest between George Sutton and Ora Morningstar for 18.2 honors is attracting the most attention at present.

Jacob Schaefer and Albert G. Cutler will contest the 18.1 championship, and the young Bostonian is expected to give the "wizard" a close run for his title.

The most important of the prospective matches is that between George Slosson and Willie Hoppe. It is proposed to hold a three-nights' match at 18.1 ballline, 1,200 points, or 400 nights.

It is also hoped to complete arrangements for a new 14.1 ballline national championship to be held here next month, with Slosson, Cutler, Hoppe, Morningstar, Daly and possibly Schaefer and Sutton as contestants.

SEASON ON CINDER PATH

THAT FOR THE COMING YEAR IS LIKELY TO BREAK NUMBER OF RECORDS.

TAKE A TRIP AROUND THE CIRCUIT

Many New Stars Coming to the Front Rapidly, and What They May Do Will Keep the Country on the Guess.

New York, Jan. 10.—A little trip around the circuit of the leading eastern institutions of learning and physical culture is convincing that the present season on the cinder path will be productive of some new records. The men are now hard at work on their indoor training, and many of them have made unusually good showing for the early season. Not in many years have such flattering reports been received from the enthusiastic trainers of all the big universities.

Yale has more and better material for its track team than has been available in a decade, and the Elis are apparently justified in their fond ambition of regaining for the blue standard the supremacy it lost when Trainer Mike Murphy went over to the Quakers. In addition to the veterans of the track and field squad, many new stars are rapidly coming to the front. The Elis are strong in new sprinters, among them Montague, Butler, Carey, Burch and Stevens. Hall, a new man, is showing up strong in the broad jump. Bray, the record holder, is back for the pole vault events. In the broad and high jumps and in the mile run the team may be a little weak, but the men are developing in such shape that this weakness will probably disappear before the more important events of the spring. Eli Parsons has been lost for the half mile, but with Kirjassoff, Tilson, Frissell, Mann and Weeks, Yale expects to hold her own in this event. Seymour and Vias will take care of the quarter mile. The high jumping veterans on the squad are R. A. Riley and E. H. Reynolds. Coy and Bigelow are the stars in the weight events.

Columbia track athletes are now busily pegging away, with the hope of winning the track and field championship of the country. Josh Crooks, assisted by George Bonbag and Fred Rogers, are putting the men through their stunts. One man in the intercollegiate championship relay team of last year has left, but promising material has been discovered with which to fill the vacancy. Sanders and Zink, of the half-milers, Boorman, Bowles and Paulson in the sprints, and a number of cross-country men, including Montgomery, Hill and Wheeler, make the distance squad a strong one. Ryan in the high jump, McKenzie, Murray and Hegaman in the hurdles, and Pollock and Hurd in the hammer and shot events, make up the nucleus of a team which Columbia confidently expects to smash at least one record before the season is over. The Morningstar bunch will be a disappointment to its admirers if it does not finish the season well up toward the top.

Down at Pennsylvania there are nearly four-score men in training. Despite the confidence of Yale's ad-

herents, Penn's prospects appear to be the brightest of any of the eastern institutions. Captain Cantwell has developed much new material, and is confident that the new men will make good on the track team. Bonsack, Hoskins, Taylor and Jones are all back at Penn, and there are also several promising new men in the sprinters' division. Including Hunter and Paul, McCullough, the famous Quaker hurdler, is gone, but in Hartman there has developed a promising candidate for the place he occupied. Bannison, a western man from the University of Utah, shows promise of a hammer thrower, as does Coleman.

Cornell has some good men, and out at Ann Arbor Fitzpatrick is quietly developing some good material for the Michigan track team. Harvard is having a busy season of indoor sports, and in addition to the usual midwinter training stunts, is training strong teams in swimming, water polo and diving. About the middle of this month, probably next week, trials will be held for the class relay teams, which will compete in the class swimming races, to follow soon afterwards. There will be six men on each team and cups will be awarded to the members of the winning team.

SCHMITZ AND REUF FREE

BY A DECISION OF THE APPELLATE COURT IN SAN FRANCISCO.

BE AT LIBERTY IN TWO MONTHS

Can Be Released From Jail Now on Furnishing Enormous Bail—No Offense Is Extortion Cases.

San Francisco, Cal., Jan. 10.—The district court of appeals handed down a decision late yesterday, setting aside the judgment in the case of former Mayor Eugene E. Schmitz, convicted of extortion in the French restaurant cases. Abe Reuf also benefits by the ruling of the upper court, for, according to its decision, he pleaded guilty to an act that was no offense against the laws of the state.

According to the appellate judges, the compelling of French restaurants to pay big "fees" to Abe Reuf was not a crime, even though Reuf divided the "fees" with the mayor. After discussing the point, the court reversed the judgment against Schmitz on the ground that no acts constituting a crime had been proved against him. Abe Reuf, who pleaded guilty to extorting money from the French restaurant keepers, is therefore equally guiltless.

The decision wipes out the French restaurant cases and pending charges against Schmitz and Reuf must be dismissed. They can not take advantage of the decision for sixty days. The prosecution has twenty days in which to ask for a rehearing. Then the appellate court will have ten days to consider the application. When that is done the prosecution will go through the same proceedings in the supreme court, which will take the same length of time. Consequently, Schmitz and Reuf will still be kept in the county jail for at least two months.

In the event of release on bond, Schmitz and Reuf can remain at liberty until such time as a jury finds them guilty on one of the indictments charging them with receiving bribes from corporations. On account of the number of cases against them, the bail, figured at \$10,000 a case, would reach an enormous figure.

The news of the decision of the appellate court declaring the indictment of ex-Mayor Schmitz invalid spread rapidly over the city, causing consternation in some quarters and delight in others. District Attorney Langdon said Schmitz and Reuf would be prosecuted on other indictments that are public offenses.

The opinion was written by Justice Cooper. The opinion comments on Judge Denne's ruling and says he erred in admitting hearsay evidence. The opinion comments on Reuf having pleaded guilty to the same charges and then taking the witness stand against one who had been his friend.

"His conduct," says the appellate judges, "was such that under the plain provisions of the penal code his evidence was branded so that the defendant could not have been convicted upon it without corroborative testimony."

In passing upon the legality of the indictment, the appellate court said: "The indictment is claimed to be invalid for two reasons: (1) That it does not allege any threat to injure property, and (2) that it does not allege that the threat was to do an unlawful injury."

Uneda the NATIONAL Biscuit

is contained in the following sentence:

"There is no allegation as to any threat to injure any business in direct terms, but only the threat to prevent the parties from obtaining a license to sell liquor."

A license to sell liquor is not property in the ordinary sense of the word, says the court.

"We are clearly of the opinion that the indictment is insufficient because it does not allege or show that the specific injury threatened was an unlawful injury."

It is not an unlawful act, reasons the court, to threaten to hold up a license of a restaurant keeper, or actually to do so.

Merit will win. This seems to be true in the case of "Pride of Perry."

Large Audience Expected.

Indications point to a large attendance at the Unique theater next Tuesday, when the management will give all the money derived from the performance on that day to the Associated Board of Charities.

The wife of the prisoner, who was in court, was not visibly affected by the sentence. Mrs. Paxton was formerly Mrs. Belle Richards, of Mt. Vernon. She worked at the boarding house where Paxton was stopping and followed him here and married him in the Richland county jail. The couple have never lived together since the marriage, and now she will have to wait for him till he has finished his sentence.

Roy Mapes, an accomplice of Paxton, and who turned state's evidence, was sentenced to the Ohio state reformatory, but sentence was suspended during good behavior.

A large delegation will go from here to Helena, Mont., to attend the annual meeting of the National Wool Growers' association, which will be held there next week.

The principal matters before the western sheepmen, and which will be considered fully at next week's national convention, are the forest reserve and public land policies of President Roosevelt; the twenty-eight hour law and the proposition to secure legislation compelling railroads to maintain a minimum speed of 20 miles an hour with live stock shipments; the proposed reduction in the tariff on wool; a proposition to hold wool auction sales in this country similar to those held in London, and a uniform law in the range states providing for the extermination of predatory wild animals.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—only you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture." Good! Very good!!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

The Family Physician Says the Football Player Was Unbalanced Owing to Religion—Had Been Troubled With Memory.

Lawrence, Kas., Jan. 10.—"Urban Angney, the K. U. football player who committed suicide here yesterday, was insane," said F. S. Emley, the family physician, here last night. The same opinion was expressed by Dr. Carl Phillips, the coroner, and by Dr. James Naismith, physical director of the university.

Angney jumped from the fifth floor of Fraser hall yesterday and was dead when picked up.

There seems to be no doubt that the boy was insane when he took his life. The only question is what caused his mind to become unbalanced? All three doctors say the note addressed "Dear Jesus," which he left on the ledge of the window from which he jumped, was that of a person mentally unbalanced. Dr. Emley said that he was evidently suffering from an attack of religious paranoia. He bases his belief on the note addressed "Dear Jesus."

Alan Dodge, president of the senior class, was the last person to see Angney alive. Dodge passed Angney as he was going up the first flight of stairs to the fifth floor window from which he leaped to his death. He clasped him on the shoulder and "jollied" him, but Angney replied not a word and walked on upstairs. "Job" White, right end on the football team, and an intimate friend of Angney's was with him at 9:15 o'clock, only fifteen minutes before the tragedy. White said that Angney seemed to be perfectly sane then and answered a question he asked him about a reference book.

Dr. Naismith, physical director of the university, says that Angney had been worrying about something for some time. "Urban came to see me one day about two weeks ago, seemingly much depressed," said Dr. Naismith.

"He complained that he was feeling queer, as he expressed, and said that he had had trouble with his memory. I asked him what was worrying him and whether or not it was financial matters. He replied, 'No. I have plenty of money; it's only a private matter.' I did not feel like intruding and did not press him further. His studies were not worrying him. He stood high in them.

"Then we talked about the football prospects for next fall and discussed what he should do when he finished school. I noticed particularly that he seemed much depressed and worried over something and advised him to take some exercise in the gymnasium."

Louisville, Ky., Jan. 10.—Tobacco from all parts of the state is being hurried to Louisville for storage in warehouses, where it may be insured in order to escape the cancellation of policies or the refusal of new risks, in accordance with the policy of most of the insurance companies doing business in the state, owing to apprehension of further raids by night riders.

St. Louis Sicilian Dies Singing an Operatic Air.

St. Louis, Jan. 10.—Singing an operatic air and carrying a bucket of beer, Francesco Cascio, living in the Sicilian colony, was shot dead yesterday as he was entering the yard of the home of John Scarrano, with whom Cascio boarded.

Vincenzo Badosta, charged with the shooting, ran into an alley and escaped. Scarrano said that the shooting was the result of a feud by declaring to the police that "there was something between the Badosta and Cascio families," but would make no further statement.

Badosta had called at the Scarrano home, apparently in fine spirits, and had proposed that some beer be purchased, asking Scarrano to go for the liquor. Upon Scarrano demurring, Cascio went, and was shot as he returned.

SEDALIA THEATER.

A True Story About "The Lyman Twins."

Sedalia Theater Sunday, Matinee and Night.

A very funny story is told about the Lyman twin brothers who appear here Sunday in the big musical hit, "The Yankee Drummers."

There has been many stories told about these brothers, who look so much alike, but this is credited as being true.

During their company's visit in Fargo, N. D., and while one of the twins was seated in the office of the hotel, a controversy came up between three or four traveling men and a Texas cattle man as to who could run the fastest, the Texan declaring he could out-run any one in the party for a new hat.

The twin to play a joke on the gentleman announced he would take the bet if they would arrange the race so each one started back to back, run around the block until they met, then back again and finish at the hotel.

It was at once agreed upon and the twin immediately went up stairs, stating that he would be ready in a few moments. He at once told his brother of the affair, who, after understanding the arrangements, left the hotel by a back door and stationed himself in the middle of the back block, the other coming out as per arrangements, and the race started.

The Texan dashed around the corner, and when half way around the block he found his adversary ahead of him. The traveling men were by that time on to the joke and howled with delight, at which the lanky gentleman shouted, all out of breath: "I'll bet you two hats you can't do it again," and away they went.

The Texan found the same quietly knocking when he reached the back of the block and on returning to the starting point found him there also. He never said a word, but bought the hats and don't know how he was beaten.

"The Clansman" Ever Popular.

At the Sedalia theater, matinee and night. The success of "The Clansman" continues to be the sensation and surprise of the theatrical world.

Initial predictions as to flat failure were contradicted by the enormous business of the first season, when two companies presented it simultaneously south and north to the largest audiences that had ever gathered within the respective theaters.

"A one-season success!" croaked the pessimistic. The answer came in a second season bigger even than the first, with the endorsement of all the large cities added to those of the smaller towns.

"Won't last over two years, anyhow!" said a theatrical sharp, who prides himself a prophet. This, the third season, proves the last croaker was mistaken as his prediction.

"HELLO" GIRLS CHOSEN

MEN WERE NOT IN IT WHEN THE CIVIL SERVICE EXAMINATIONS ARE HELD.

THE FAIR SEX PROVED VICTORIOUS

Mayor of Pittsburg, Pa., Favored Male Help, But an Examination Resulted in the Naming of Females.

Pittsburg, Penn., Jan. 10.—Three

official telephone operators were

necded by the city, and Mayor Guthrie

wanted men rather than "hello girls"

on the job, so he conspired to hold a

civil service examination under the

newly appointed city civil service

commission.

Four young men applied and a

dozen young women, all experienced

telephone operators.

The civil service commission be-

sought the assistance of several tele-

phone managers and formulated a

long list of questions.

The examinations were held yester-

day, and today the results were

announced.

All but one of the girls passed suc-

cessfully, and all four of the young

men failed.

The commission certified the elig-

ibles to the mayor, and under the

law he will be compelled to appoint

the "hello girls."

Supreme Court's Decision Regarding Grain Speculation.

Pierre, S. D., Jan. 10.—The supreme

court has in effect decided that deal-

the meaning of the law.

The decision was in the case of

Ferdinand A. Hallett, a member of

the Minneapolis chamber of com-

merce, against Peter N. Aggergaard,

of Yankton, S. D. Hallett claimed

that Aggergaard refused to pay him

a commission for putting through a

deal in futures.

The defense was that the money

due as a commission was a gambling

debt, and hence not recoverable at

law. The supreme court overruled

this contention and sustained the de-

cision of the lower courts, which held

that the commission must be paid.

STRENGTH OF MR. BRYAN

SAYS NEBRASKAN STANDS BETTER CHANCE THAN BEFORE.

STANDS FOR ROOSEVELT POLICIES

This Held to Be Strongest Factor in Favor of the Democratic Leader
—Walter Wellman's Views on the Subject.

The following article is from the pen of Walter Wellman, the well known Washington correspondent of the Chicago Record-Herald:

Looking over the presidential field as it has developed up to this time, we find Col. Bryan almost sure to be the democratic nominee and Judge Taft not quite sure of the republican nomination. Of the nomination of Bryan at Denver there is very little doubt in the minds of the best informed observers here. There is talk of Judge Gray, and Governor Johnson and former Attorney General Harmon, but the masses of the democracy seem bent upon giving Mr. Bryan a chance to wage his third and last battle for the seat of the mighty in the White House. Those who favor Bryan may be fairly divided into three classes: Those who sincerely want him because they believe in him and love him; those who somewhat indifferently look upon his nomination as inevitable and therefore not worth bothering about; and those who consider a third nomination as the only way to get rid of him. "If we don't name him now," say these last named, "we shall have him on our hands four years hence. For heaven's sake, let's get through with him."

It is very easy to underrate Mr. Bryan's strength. It is underrated by many men who see only the surface of things and who have not the knack of getting into touch with the real heart of the people. It is my opinion that Mr. Bryan is this time a formidable bidder for the White House chair. This does not mean that he is to be elected. In fact, the chances are probably a little in favor of the republican ticket, but men who talk of Mr. Bryan as a sure loser, as already defeated, as a bit of dead timber to be disposed of, do not know what they are talking about. It is going to be a sure enough fight for the presidency this year, and no mistake.

Disregard the professional politician and get down among the people—the "plain people," as Mr. Bryan himself loves to call them—and you will find that the Nebraskan is stronger than ever before. As I said some time ago, he has won well. In his honesty and sincerity the people have full confidence. He is the only democrat who stands in a class with President Roosevelt in the affections of the masses. Roosevelt and Bryan are the only universally popular public men we have today, and logically, from the standpoint of the thought and hope of the vast majority of the people, they should be the rival candidates. The point I wish to make is that the man or the party who proceed upon the theory that Bryan is not dangerous as a vote getter are likely to wake up and find themselves sadly mistaken.

How is it that Mr. Bryan has survived two defeats and one eclipse and yet grown stronger in the affections of the people who have votes to cast? To my mind, there are three principal reasons, and I shall state them in the illogical, reverse order of their seeming importance:

1. His character as an earnest, sincere, patriotic man.
2. His keeping close to the people through his lectures before Chautauquas and other gatherings.

SETTLE JERSEY QUARREL

The Supreme Court Will Meet at Trenton Tomorrow.

Trenton, N. J., Jan. 10.—The New Jersey supreme court will tomorrow hear final argument in the case contesting the constitutionality of the Ripper act, under which the terms of most of the city officials of Jersey City were made to expire with the term of Mayor Fagan.

The two sets of officers have attempted to exercise concurrent jurisdiction and as a result the municipal affairs of Jersey City have become greatly muddled. Some of the old police judges have been holding court and the old exercise board has granted licenses as heretofore.

Practically the only question raised before the court is the constitutionality of the Ripper act.

RECIPE FOR COLDS.

Mix half pint of good whisky with two ounces of glycerine and add one-half ounce Concentrated oil of pine. The bottle is to be well shaken each time and used in doses of a teaspoonful every four hours. The concentrated oil of pine comes in one-half ounce vials, packed securely in tin screw top cases which are intended to protect it from light and retain all the original ozone. Don't use bulk oil of pine or imitations of Concentrated. They are insoluble and work havoc to the kidneys. Any druggist has the Concentrated oil of pine. It will also be found a most excellent remedy for lumbago and all forms of uric acid rheumatism. For this purpose it is taken raw, a few drops on sugar at night and morning.

Concentrated oil of pine is the result of many years experimenting by one of Philadelphia's foremost doctors who after endless research at last secured a truly soluble oil of pine, so make sure to get the real thing. It also makes an excellent salve to be applied externally on the chest or bruised parts. For this purpose a teaspoonful of the raw oil is added to a saucerful of hot lard.

GIRLS SOLD AT \$10 EACH

Startling Charges Regarding White Slave Traffic.

Chicago, Ill., Jan. 10.—"Ten dollars a head for white slaves." This is the price which Assistant State's Attorney Clifford Rod, of the Harrison street police court, declared was agreed upon between a proprietor of a resort at Springfield, Ill., and William F. Henderson, 92 LaSalle street, a theatrical agent, for every young girl that Henderson shipped to him.

Mr. Rod's startling statement came immediately after the case of Henderson, who is charged with having attempted to attack two young girls who were, it is alleged, lured to his place of business by a fashionably attired woman, who is said to have led the girls to believe that Henderson was about to place them on the stage in the troupe of a popular musical comedy, had been confined for one week.

The girls who preferred the charges against the alleged theatrical man are Miss Eva Kraus, 18 years old, and Miss Ida Parker, 19 years old, of 1543 Lill avenue.

AN INCREASE IN INSANITY R. C. DOLPH & CO.

REPORTS IN KENTUCKY SHOW RATE TO BE REALLY ALARMING.

A DRASTIC REMEDY IS NOW URGED

Population Increased 136 Per Cent in 56 Years While Insanity Increased 1,668 Per Cent—Some Other Figures.

Frankfort, Ky., January 10.—In the annual report of Dr. Louis H. Mulligan, superintendent of the Lakeland, Ky., asylum, it is recommended that sterilization of the hopelessly insane in Kentucky be adopted as a means of preventing insanity. Dr. Mulligan quotes startling figures.

"In 1850," says Dr. Mulligan, "the population of Kentucky was 982,405, and the present population is estimated at 2,320,298, an increase of 136 per cent. There were confined in the Kentucky asylums in 1850 203 persons.

At the close of last year there were in the asylums and feeble-minded institutes 3,500, an increase of 1,668 per cent. In the last 56 years the population of Kentucky grew 136 per cent. In 1850 there was one insane person to every 4,839 persons in Kentucky, and now it is estimated that there is one insane person to every 646 persons.

The report shows that the management of the board of control has saved a total of \$11,766.30 in the Western asylum, \$24,958.25 in the Central asylum, a saving of \$25.52 in the feeble-minded institute and a saving of \$1,562 in the Eastern Kentucky asylums since the board of control took charge.

There is a recommendation in this report that the superintendent of each asylum should receive a salary of at least \$3,000, and that the first assistant superintendents should receive a salary of \$1,500 a year each.

MYSTERY IS SCENTED

In the Death of an Ohio Man in a Sioux City Hotel.

Sioux City, Ia., Jan. 10.—Found unconscious in the White House, a laborers' hotel in lower Fourth street, and removed to the Samaritan hospital, Arthur Flanagan, son of T. C. Flanagan, a wealthy retired citizen of Pomeroy, Ohio, died. Deleif is expressed that the man was the victim of poison. His death is shrouded in mystery.

Parents of the young man ordered the local authorities to ship the body home, but Coroner Robbins, after a hasty examination, forbade the removal and ordered an inquest, declaring that "suspicious circumstances point to foul play."

George L. Searcy, superintendent of Helping Hand mission, was called to the hotel to help him. It was intimated that Flanagan was intoxicated when he arrived. Mr. Searcy declared the young man was not drunk. Flanagan has been working at odd jobs here and there. He wandered into the mission several nights ago and was recognized by Miss Mary Church, a mission worker, who formerly resided in Pomeroy.

PROMINENT PHYSICIANS

Endorse Our Cod Liver Preparation, Vinol.

Many of the most eminent physicians are now prescribing Vinol as the most satisfactory cod liver preparation. Thus it is fast superseding all other forms of cod liver oil and emulsions.

W. N. Rand, M. D., of Evans, Mills, N. Y., writes: "From personal experience I am able to appreciate the value of your cod liver preparation, Vinol. I have used it and prescribed it largely during the past eighteen months, and I want to say that Vinol is all you claim for it, and more."

Dr. Bonchelle, of Thomasville, Ga., a physician well known in the south, writes: "I use Vinol in my family and in my practice with most excellent results for bronchial and pulmonary troubles and to create strength."

Another physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength creating power from the medicinal curative elements found in the cod's liver. It is the most satisfactory strength-creator and vitalizer for old people, weak women and delicate children which it has ever been my pleasure to prescribe."

The reason that Vinol has such remarkable curative and strength-creating power is because it is made by a scientific extractive and concentrative process from fresh cod's livers, combining with peptonate of iron (which is a useful constituent of the blood) all the medicinal, healing and body-building elements of cod liver oil, but no oil.

We ask every person in Sedalia who is in need of such a medicine to try Vinol on our guarantee to return money if it fails to give satisfaction. W. E. Bard Drug Co., Sedalia, Mo.

WAS A CIGARETTE FIEND

WOMAN WHO POSED AS MRS. BARKER SMOKED ALMOST INCESSANTLY.

SAID TO BE A MILLIONAIRE'S WIFE

She Left Her Husband, Alfred E. Dieterich, to Take Up With Harry Brechley, Horse Buyer for a Vanderbilt.

New York, Jan. 10.—Statements made by Purser J. Harger, of the Hamburg-American liner Elcher, which has just returned, point strongly to the identity of the "Mr. and Mrs. Barker," who occupied stateroom No. 1 on the recent trip of the ship to Cherbourg, as Harry Brechley, the former Vanderbilt horse buyer, and the missing wife of young Alfred E. Dieterich, son of the millionaire oil and gas magnate.

The name "Mr. and Mrs. Barker," under which the couple registered, was spurious, said Mr. Harger.

"They occupied the first apartment on the ship, were very exclusive, and never made their appearance until along toward noon, when they were the center of much gossip."

"The woman smoked cigarettes incessantly. About the third day out the woman reported the loss of a horse-shaped diamond pin. A search was made, but it was not recovered."

"She dismissed the incident lightly when it was finally brought to her attention, saying that she cared little for a loss of its character."

"The statement that the couple were Mrs. Dieterich and Harry Brechley was a big surprise to us. We had no means of knowing who they were."

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood

I used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Because of dilatory tactics in beginning practical construction work, the franchises of the New York, Westchester & Boston and the New York & Port Chester railways will probably be declared forfeited by the board of estimate and apportionment at its meeting in New York City.

The companies are alleged to be owned by the New York, New Haven & Hartford, by reason of its recent purchase of the Millbrook company, a holding company.

The franchise of the two companies were granted in 1902, and the intention was to build a six-track railroad between New York and Boston.

Since then less than \$1,000,000 worth of construction work has been done.

FACTS ABOUT NEW THEORY SECURED BY INTERVIEWS

People Tell the Reason for Their Faith in Cooper's Belief.

An article from the Nashville, Tenn., Banner, published during L. T. Cooper's visit to that city, throws some light on the remarkable success of the young man's theories and medicines in various cities visited by him during the past year. The article is as follows:

"In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since his arrival, a representative of the Banner spent Thursday afternoon at the young man's headquarters, watching the swarm of humanity come and go.

"During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to their experience with Cooper and his preparations.

"The following are selected from those statements as being typical of the general expression of the people seen:

"Mr. B. B. Labater, living at 1224 North Fourth avenue, when interviewed, said: 'I have been troubled with my stomach for the past two years, and have had rheumatism for more than five years. Sometimes I could not walk, and there were times when I could not even move in bed. Hard knots would form on my muscles, which caused me intense pain. Gas formed on my stomach after eating, which gave me much pain and distress, and often I was restless and tossed all night, losing much sleep and rest.

"Hearing of Mr. Cooper and the

plishing for others, I decided to try it. I have taken it about two weeks, and find myself in a greatly improved condition. My stomach is in good shape, and does not trouble me at all. My rheumatism has nearly disappeared, and I expect to resume work shortly. For the first time in twelve months, Mr. Cooper certainly has a wonderful medicine, and I am grateful for what it has done for me.

"Another caller was Mrs. T. J. Smith, of 505 Hudson street. She said: 'I have been a sufferer from bladder and kidney trouble for twenty-five years. In that time I have tried many prescriptions and various kinds of medicine, but received little or no benefit from them. I seldom had a sound night's sleep, my rest being broken at intervals throughout the night. I had pains in my back and burning sensations.

"I heard so much of Mr. Cooper that I came to the conclusion he might be able to afford me some relief. I have now been taking the medicine about a week, and feel better in every way. The pain has disappeared, and I have no distress whatever. I have come here today to express my appreciation to Mr. Cooper for his wonderful medicine and what it has done in my case. I will take pleasure in recommending it to others.

"The agency for Cooper's celebrated medicines has been given to us. We are making a fine record with them.
